

JULY 2019

DEPARTMENT OF MOTOR VEHICLES MONTHLY STATUS UPDATE

REPORT TO THE JOINT LEGISLATIVE BUDGET COMMITTEE
OF THE STATE OF CALIFORNIA

The Budget Act of 2018 (SB 862, Chapter 449, Statutes of 2018) requires the Department of Motor Vehicles (DMV) to submit monthly reports to the Legislature regarding the state of field office wait-times and efforts to improve business processes. This report covers July 2019.

DMV WORK ACTION PLAN UPDATES

DMV completed the following Work Action Plans:

Appendix W: Employee Tools: Lanyards: DMV employees are not subject to a specialized dress code outside the current labor contract, which states employees dress in alignment to the work being performed. To identify DMV employees, staff are required to wear an employee badge at all times. Staff display the badge on a department issued chain or individual lanyards that employees often purchase. To provide a consistent lanyard and easily recognizable mechanism to identify staff, DMV purchased blue and gold lanyards that contain lettering reflecting DMV. The lanyards hold and display an employee badge, which will assist customers with locating a DMV representative for assistance or guidance during their office visit and customer journey.

Appendix AA: Regional and District Support: Data Analysts: The Field Operations Division established, advertised, and hired eight new Staff Services Analyst/Associate Governmental Analyst interchangeable positions, within the eight established regional offices located throughout California. The Staff Services Analyst/Associate Governmental Analyst positions are responsible for ensuring reports, surveys, correspondence, training, outreach presentations and any resources impacted by the federally regulated REAL ID Act requirements are thoroughly assessed and delivered accurately and in a timely manner. Additionally, the analysts will assist with analyzing the appointment system, wait time data, originate and compile reports, perform trends analysis, present forecast data, deliver special reports, etc. to support the operations of the region.

STAFFING

Hiring Status:

The following chart identifies the status as of July 30, 2019.

Region	Number Authorized	Offers Made	Awaiting Fingerprints	Started	On-boarding In-Office Training	Expedite In-Office Training	Basic Driver License Training
I	79.0	74.0	4.0	57.0	8.5	0.0	22.5
II	97.0	99.5	22.0	25.0	11.0	3.0	0.0

VIII	149.0	97.0	1.0	75.0	30.0	26.0	3.0
Total	784.0	536.0	46.0	345.0	191.5	93.0	73.5

On-boarding Training Modules

- Start Here/Concierge
- Appointment Check-in
- Cash Handling
- Drive Test Check-in
- Single Station Inventory
- Touch Screen Terminals
- Four pillars of superior customer service

Expedite Training Modules

- Driver License Record Information Requests
- Vehicle Registration Information Requests
- Return Knowledge Tests (non-commercial)
- Photo Retakes
- Personalized License Plate Assignment

DMV began hiring staff in earnest in late June/early July, thus this report captures newly hired staff early in their training cycles.

All newly hired staff are expected to begin the On-boarding Training Module within two weeks of initial hire. The module takes place over two-weeks and is intended to introduce new hires to many of the support functions of the field office, as well as superior customer service. Employees are immersed in the on boarding concepts for two to four weeks until they demonstrate application of the skills. Only then do they proceed to the second module, Expedite In-Office Training.

Expedite Training introduces new hires to the work processes that are performed at the Expedite Window. This module is one week and, at its conclusion, a new employee should be able to work independently at the Expedite Window. Both the On-boarding and Expedite Training provide a solid on-the-job knowledge base for new hires prior to their formalized classroom instruction.

Absenteeism: DMV continues to collect absenteeism data, which has an overall average of 6.2 percent.

CONTINUED PROCESS IMPROVEMENTS:

Customer Experience Consultant: Operation Excellence – DMV Training was held on Wednesday, July 24, 2019. A highlight of the training was a new digital tool, the Field Office Guide, which provides detail information on the requirements for identification and residency documents in a useful format. A team from several divisions will review user questions and make edits to the guide on an ongoing basis to ensure it is always accurate, timely, and complete.

With this delivery, the McKinsey contract is near the end. However, several activities will be carried forward, including Operation Excellence training for DMV's three call centers, scheduled for four dates beginning August 21, 2019. DMV staff also continues to work on a new proposed renewal notice insert to better inform customers of what REAL ID is and who needs it. The department plans on utilizing the new insert beginning in September 2019.

Consistency Training: The department continues to onboard new staff using two training modules: *Introduction to Field Office* and *Expedite Window Training*. The first module introduces new hires to many of the ancillary (support) functions performed in a field office and the four pillars of superior customer service. The second module introduces the less complex work processes that are performed at the Expedite Window.

Website Design: In July DMV refreshed its website to provide customers with a better experience in accessing DMV information and services. A full website redesign is anticipated to be unveiled in June, 2020 that will provide customers with a clear, concise website that is user-friendly and provides quick service, consistency of information, and highlights alternates to a field office visit.

INFORMATION TECHNOLOGY

DMV Now Kiosks: There are 219 DMV Now kiosks statewide: 95 in DMV field offices, 108 in retail locations, 3 in libraries, 1 at University of California, Irvine, 1 in the Mendota City Hall, and 11 in AAA locations in Northern California. DMV is coordinating with its kiosk vendor to add 200 more kiosks in 2019. These 200 include 25 new kiosks in DMV field offices and 175 new kiosks in retail locations throughout California. Forty-seven DMV Now Kiosks were installed in July. DMV is on track to install the 144 remaining kiosks.

DMV plans to add Arabic, Armenian, Chinese, Farsi, Hindi, Korean, Punjabi, Russian, Tagalog, and Vietnamese languages and the following new services by December 31, 2019:

- Driver history record request
- Duplicate registration card
- Replacement vehicle registration sticker
- Vehicle history record request

The following chart identifies the number of transactions completed at the DMV Now kiosks since October 2017, with notable increases in transactions at retail outlets.

DMV continues to evaluate additional ways in which the kiosks can be used to allow customers to complete their DMV transactions.

Online Transactions: DMV is reviewing enhancements to services available via the DMV Internet Web site www.dmv.ca.gov. By fall 2019, the following new services will be added:

- Replacement registration card request
- Replacement vehicle registration sticker request

WINDOW HOURS

Moving Average of the Proportion of Actual to Max Window Hours: The following figure shows the ten-day moving average of the proportion of available window hours recorded in use on a daily basis for the prior six months¹. The ten-day moving average is calculated by averaging the daily proportions for the current day and each of the nine days prior². Each individual line represents the moving average across all offices in a given office grade. The maximum available window hours was calculated based on the number of available transaction windows, multiplied by the number of hours in a normal business day for that office, taking account of extended hours if offered at that location. The proportion of actual window hour usage to maximum available usage varies across office grades. A smaller office can more easily achieve 100 percent window hour usage on any given day than can a larger office with significantly more transaction windows.

There was a substantial increase in the proportion of available window hours used, as recorded over the course of the month of February.³ Based on the available data, this increase in window hours reported was the result both of opening more transaction windows overall, as well as more consistent coverage of transaction windows throughout the day. These changes were implemented by DMV management as additional resources became available, to more effectively and consistently staff transaction windows.

¹ The window hour statistics here include data from both appointment and non-appointment queues but exclude data from Saturdays.

² All ten days are weighted equally in the calculation of the average.

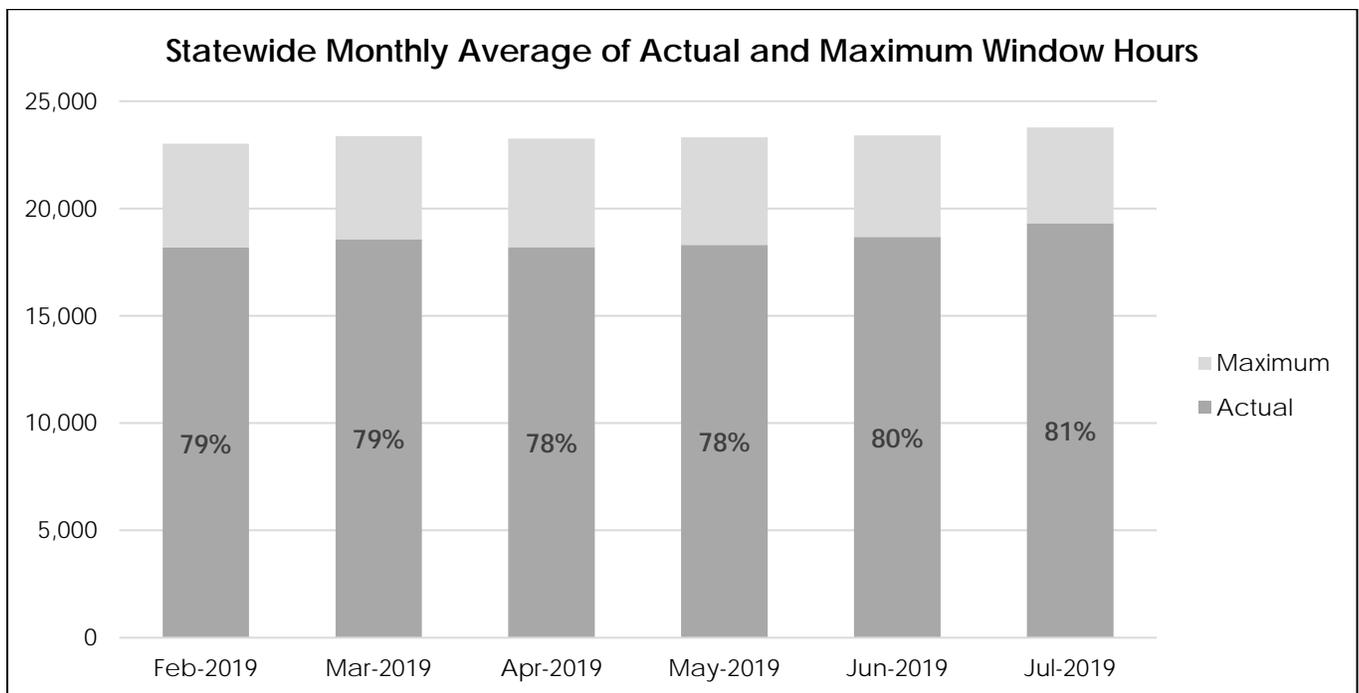

³ Values for the early part of February include data from the latter part of January.

Percentage of Actual to Maximum Window Hours: This table presents the same information as the figure above, but aggregated to the month as a whole.

Percentage of Actual to Maximum Window Hours

	Feb-2019	Mar-2019	Apr-2019	May-2019	Jun-2019	Jul-2019
Grade I	76%	79%	79%	82%	82%	85%
Grade II	84%	86%	84%	85%	86%	87%
Grade III	80%	81%	80%	81%	82%	81%
Grade IV	81%	81%	80%	80%	82%	81%
Grade V	76%	74%	73%	73%	75%	74%

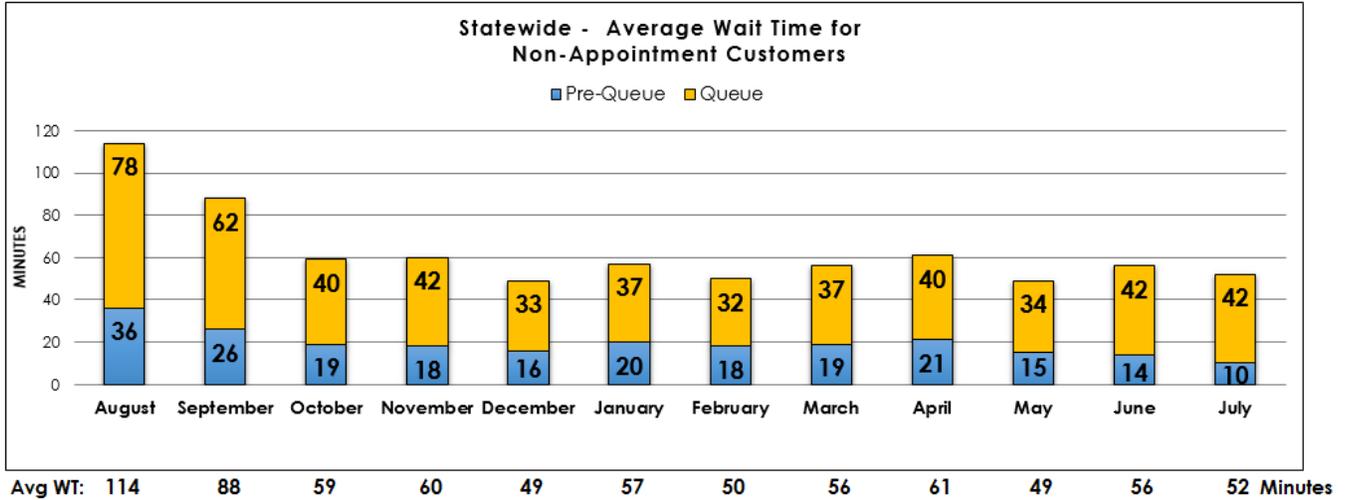

Statewide Monthly Average of Actual to Maximum Window Hours: This chart presents the same data, but aggregated to the state as a whole, and reporting on the vertical axis the raw number of window hours.

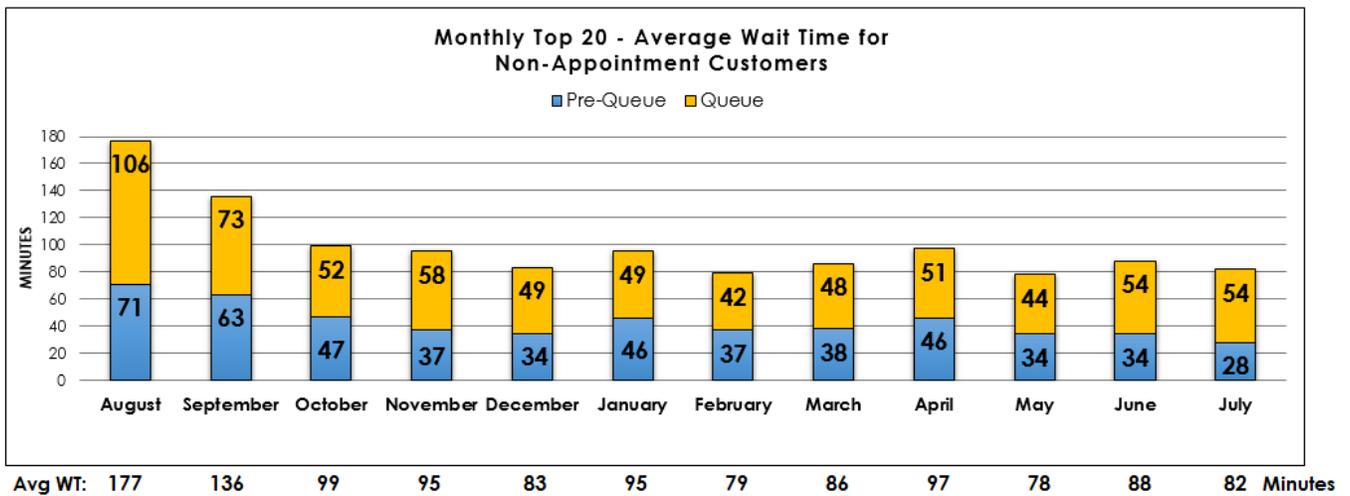

WAIT TIMES

July wait times for non-appointment customers were 8 minutes below target levels, averaging 52 minutes (42 minutes queue time and 10 minutes pre-queue).

Average Wait Time for Non-Appointment Customers – Statewide:

Average Wait Time for Non-Appointment Customers – Monthly Top 20 Offices:

Average Wait Time By Grade – Statewide: The following tables show the reduction in wait times for various grades (sizes) of field offices.

- Grade I/II offices are small, mostly rural offices, serving an average of 300-1,200 customer per week.
- Grade III offices are mid-sized offices, serving an average of 1,500-2,000 customers per week.
- Grade IV/V offices are large, mostly urban offices which serve an average of 2,000-3,300 customers per week.

Appendix B July Outage Summary

Number	Source of Failure		Number of Offices Impacted or Statewide	DMV Operations				Duration hh:mm	Reported Issue	DMV Services / Applications Impacted *Workaround Explained if Applicable	DMV Operational Impact	Direct or Indirect Cause of Outage	Resolution
	Component	Cause		Disruption Start Date		Returned to Normal Date							
1	Vendor	Other	Multiple FO	Mon 07/01/2019	15:55	Mon 07/01/2019	21:20	5:25	28 Field Offices received "failed to connect to network" messages in both DMVA and EASE.	DMVA and EASE *No workaround available.	Impacted Field Offices were unable to process Vehicle Registrations, Drivers License or Identification Card applications.	Direct: SQL server failure Indirect: High memory utilization of the management console	Vendor, Silver Peak, reduced memory utilization from 100% to 60% by deleting old data which restored service.
2	Hardware	Undetermined	Statewide	Mon 07/08/2019	1:00	Mon 07/08/2019	3:30	2:30	DMV Public website (dmv.ca.gov) Self service applications were unavailable.	DMV Customer self service applications: -Vehicle Registration Renewal -Driver License Renewal -Real ID Learn More -On-line forms -Address Change * No workaround available.	DMV customers were unable to perform self service online transactions.	Direct: Server issue - Root Cause Analysis in progress.	Restarted the servers dedicated to the DMV web site.
3	Hardware	Undetermined	Statewide	Tue 07/09/2019	7:55	Tue 07/09/2019	8:30	0:35	Public Access to verify insurance at DMV.CA.GOV was intermittently unavailable.	DMV Web site online insurance verification functionality. *No online workaround. However, the Field Offices were not impacted by the incident and were able to verify insurance normally.	DMV website customers were unable to check and process insurance coverage reinstatement.	Direct: DMV high available server was in a hung state.	Server returned to normal operational state.
4	Hardware	Under Warranty Failure	Statewide	Fri 07/12/2019	14:30	Fri 07/12/2019	15:30	1:00	DMV Field Office Document Imaging (FODI) System unavailable	FODI documents. *Field Offices agents photo copied customer documents.	Disruption to Field Office workflow.	Direct: Server storage connectivity disruptive.	System reboot resolved outage.
5	Vendor	Other	Statewide	Thu 07/18/2019	1:53	Thu 07/18/2019	3:09	1:16	DMV Website (dmv.ca.gov) appointment system unavailable.	DMV online system used to scheduled appointments was unavailable. *No workaround available	Online customers were unable to make or changes Field Office appointments.	Direct: Appointment System vendor, Qmatic, database was unavailable due to system maintenance activities.	Services restored with the completion of the systems maintenance.
6	Vendor	Network Connectivity	Statewide	Fri 07/19/2019	5:14	Fri 07/19/2019	8:34	3:20	American Association of Motor Vehicle Administrators (AAMVA) network connectivity interruption.	Commercial Driver's License Information System (CDLIS), Problem Driver Pointer System (PDPS), and SSN verification required for driver license processing. * No workaround	Disruption to Field Office Driver License and Identification Card processing.	Direct: Verizon reports a higher level network outage due to a fiber cut in Sacramento.	DMV message requests were rerouted to a different router.
7	Vendor	Undetermined	Statewide	Mon 07/22/2019	6:48	Mon 07/22/2019	7:20	0:32	DMV online Drivers License and Identification Card applicants were unable to log in to the electronic Drivers License and Identification Card application.	eDL44 - Online Drivers License and Identification Card application * No workaround available	DMV online customers could not use the online self service application to apply for Drivers License and Identification Cards	Direct: ID.me authentication service experienced performance degradation.	Vendor, ID.me, resolved issue.
